

I TAG YOU

CUSTOMIZE
YOUR WORLD

I TAG YOU

With the innovative I Tag You ID tag line, we offer you the chance to introduce a novel concept within alternative channels to those of pets and hardware.

The I Tag You ID tags feature exclusive designs, in the best-selling shapes of bone, circle, and heart, dedicated to the identification of four-legged friends.

And, thanks to our intuitive, completely user-friendly instant customization system, you can provide an immersive experience for your customers, making their purchasing journey even more exciting and memorable. All with complete autonomy!

As a parallel project of the brand MyFamily, a world leader in the production and customization of pet ID tags, this line allows us to explore new horizons, developing its unique identity while maintaining the same values that have led to MyFamily's success.

Made entirely in Italy, within our manufacturing facility, the I Tag You ID tags are characterized by the artisanal approach inspired by the goldsmithing tradition of Valenza (AL), the company's hometown. Each piece is carefully detailed, ensuring the unmistakable quality that distinguishes us.

Become the point of reference for your customers' lifestyle.

Surprise them, engage them, and strengthen your bond with the ID tags that will bring a distinctive touch to your business.

TECHLA XS

TECHLA XL

Techlo XS

myfamily® engraving system

The machine accessible to everyone;

Engrave with your smartphone thanks to our dedicated App;

Fast connection with Bluetooth Low Energy technology;

Watch the engraving process through the dedicated window;

Internal lighting in different colours to give feedback on the progress of the engraving;

Little size: L 27,5 cm x D 25,2 cm x H 26 cm;

Light weight: 7,6 kgs;

Engrave in all languages of the world.

Modular 40

- Revolving
- Desk solution

Hooks: 40
Sizes: ø 40 cm x h 80 cm
Material: MDF HQ

Optional
1 Stoplock
1 Magnetic key

Techla

myfamily® engraving system

User friendly, high precision, instant automatic engraving system;

Intuitive machine, customers can engrave their tag by themselves;

LCD touch screen, no need for stylus pen or keyboard;

Compact 13 kg machine that can fit inside the display or on the counter;

24 languages including ideograms and logos;

Integrated Wifi, ethernet and USB for update and technical assistance;

120° diamond tip for high precision engraving granting more than 20.000 engravings;

Barcode reader for automatic machine setting;

Display 55

- Rotating display stand allowing customers to select the desired tag.
- Small, stand alone and easy positioning solution even for small shops
- Dedicated area for integrating the engraving machine inside the display
- 55 hooks

Optional
1 Stoplock
1 Magnetic key

Hooks: 55
Sizes: Ø 50 x h 187 cm
Material: MDF
